SHOWER CURTAIN RINGS

Our range of Rings covers several different styles, including the highly popular Snapper and Twister styles and in white, clear or special colours. All Shower Curtain Rings can be supplied in bulk or pre-bagged as required typically in 6's, 9's or 12's. Blister packs and transparent tubes are other packaging options

THE SNAPPER (code 50001)

This Shower Ring is one of our best-selling products, with its combination of simple, elegant design, easy-to-use practicality and hardwearing toughness. Its snap-shut mechanism is simple yet effective, and the ring fits all standard shower poles. It is made in a coloured polypropylene or clear cellulose acetate.

THE TWISTER (code 50004)

This is our most popular budget shower curtain ring. Its lightweight design has high strength due to an 'H' cross-section design and can be packed flat in with the shower curtain.

OTHER STYLES

BARRACUDA, SEAHORSE, CHINOOK, ORBIT, SNOOK, CADET
